Subject: In Regards to Rulemaking No. 04-02

In Regards to Rulemaking No. 04-02 I am against NIPSCO basing bills on several months of estimated meter readings. They should read them on a monthly basis and bill on a monthly basis.

I am not allowed to estimate any of my bills that are owed to others, why should NIPSCO be allowed to do so? How would the State of Indiana react to its residents estimating their tax bills?

We all have budgets so as to live within our means NIPSCO, The State of Indiana and individuals. So in closing bill me monthly what is due and it will be paid

Thank you
